

**Charotar English Medium School**  
**First Terminal Examination-2018**  
**Std: 11th Science**  
**Sub: Computer**

Date: 04/10/18

Marks: 50

Time: 1 Hour 30 min

Answer key:

1. How many maximum media elements are combined in multimedia?

Ans. C) 5

2. Macromedia Flash, Synfig studio & Pencil are examples of which of the following animation types?

Ans. B) Pencil

3. Classification of multimedia based on its application is of \_\_\_\_ types.

Ans. A) 2

4. \_\_\_\_ type of program is plug in.

Ans. d) all of these.

5. Mp5 file format is supported by \_\_\_\_

Ans. a) Flash player

6. Mpeg stands for \_\_\_\_

Ans. a) Moving Pictures Expert group

7. In 3D animation the visual change occurs along \_\_\_\_ axis

Ans. c) X, Y, Z

8. \_\_\_\_ term is used for analog format.

Ans. c) both a) and b)

9. \_\_\_\_\_ is the extension of the file in adobe photoshop.

b).psd

10.Each single dot on a screen is known as \_\_\_\_\_

d) Pixel

11.Which of the following tool helps in changing the color of objects?

b)fill

12Which of the following tools allow you to enter text by creating a text layer?

b)text

13)Smooth move tool works as\_\_\_\_\_

d)transform

14)\_\_\_\_\_ produces circular colors with the transitions.

d)radial

15\_\_\_\_\_ tool does not affect the result.

c)zoom

16)\_\_\_\_\_ tool is used to change the color of the object.

b)eyedrop

17)Number of frames running every second known as\_\_\_\_\_

a)fps

18)\_\_\_\_\_ tool is available in the middle palette.

d)All of these

19)Synfig saves the file in \_\_\_\_\_ format.

b)XLS

20)Latest version of synfig is \_\_\_\_\_

0.63.05

21) Which of the following is the default setting for frame per second.

c) 24

22) Which of the following represent an indicator used to represent waypoint?

d) Diamond

23) What is loop?

d) all of these

24) While rendering the file, auto format is changed to \_\_\_\_.

b) gif

25) \_\_\_\_ button is used to see how animation will look in synfig.

a) play

26) Turn off animation editing mode is of \_\_\_\_ color.

c) green

27) What does 'S' suggest in timebar?

c) second

28) Kinematics is a type of \_\_\_\_.

c) animation

29) \_\_\_\_ animation is slow & tedious.

d) All of these

30) \_\_\_\_ makes the picture lively.

a) presentation

31) Which of the following panel shows the parameters of a layer?

b) keyframe

32) Which of the following is the default setting for blend method?

a) composite

33)\_\_\_\_\_ is used to combine circle layer & rotate layer

a)encapsulation

34)Using\_\_\_\_\_ key we can remove Bline tool.

b)Esc

35)If we click triangle lying near Inline canvas,\_\_\_\_\_ is done.

b)Expansion

36)\_\_\_\_\_ means grouping things together?

b)encapsulation

37)where is the gradient tool available?

b)toolbox

38)where do we find the parameter of blend method?

c)params

39)\_\_\_ shape displayed near the inline canvas.

a)triangle

40)\_\_\_\_\_ is useful to see the result of file.

a)web browser

41)How many Options are there for importing image on canvas?

a)2

42)What is used to open encapsulated layer of image?

c)Small triangle

43)What is masking used for?

c) both a) & b)

44)Which tool is to draw a circle in synfig?

b)Circle

**45)Which of the following blend method is used to reveal or hide the object?**

**b)alpha over**

**46)Which command is used as a shortcut key to import image?**

**c)ctrl + I**

**47)What is useful to show the movement of something?**

**b)Animation**

**48) How many dots are seen in Synfig for changing image Size?**

**a)2**

**49)Which layer is added when it encapsulates an image?**

**a)Inline Canvas**

**50)To change the size of the image in Synfig which variable value is change?**

**b)Amount**
