

It gives me an immense pleasure to know that Shri Alpesh N. Patel PG Institute of Science & Research, Anand managed by Charotar Education Society is celebrating its 9<sup>th</sup> Annual Day on 1<sup>st</sup> March, 2019.

I feel very privileged to send in my warmest good wishes to the community of your esteemed institute. I also convey my special greetings, congratulations and best wishes to all on this auspicious occasion, for the bright future ahead and success.

Friends, you will try to inculcate the spirit of inquisitiveness & trait of learning ability throughout your life. You must have passion and enthusiasm to do something innovative. You must develop empathy and concern for others. Always try to find happiness in the success of others too. Please always try to set for yourselves the highest standards of professional excellence with ethics & values. Always keep big hopes and high aspiration, self-esteem & confidence. Fear of failure is the greatest single obstacle to success in life. You must move ahead with grit and determination despite the hurdles and failures in your path to success. Happiness is not something readymade; it comes from your own actions. Personally I believe “Hard work in right direction is happiness”.

I am sure in years to come; you all will make your family, society and India proud by your act & deed.

I complement to the Director, Faculty members, staff and students of this Institute in their endeavour.

I wish the function a grand success.

**Dr. Pankaj Joshi**
